The Asssentive Response to ‘Hey, Baby’

Options Go Beyond The Silent Treatment

By Laverne T. Taylor

A ny woman who has ever rolled from a city street can hear the distant honking, the honking near and vulnerable. The honking, the honking, that is. Most men try to ignore street harassment. They may even look at it as a harmless ritual, a part of the culture.

Men may try to ignore street harassment. They may even look at it as a harmless ritual, a part of the culture. The honking, the honking, that is. Most men try to ignore street harassment. They may even look at it as a harmless ritual, a part of the culture. The honking, the honking, that is. Most men try to ignore street harassment. They may even look at it as a harmless ritual, a part of the culture. The honking, the honking, that is. Most men try to ignore street harassment. They may even look at it as a harmless ritual, a part of the culture. The honking, the honking, that is. Most men try to ignore street harassment. They may even look at it as a harmless ritual, a part of the culture. The honking, the honking, that is. Most men try to ignore street harassment. They may even look at it as a harmless ritual, a part of the culture. The honking, the honking, that is. Most men try to ignore street harassment.
